

## Cover Letter

**Dear Hiring Manager,**

I am excited about the opportunity to join your team as an Associate Java Developer. With nearly one year of experience and a Post Graduate Diploma in Advanced Computing from C-DAC, Pune, I have a solid foundation in Java, Spring Boot, PostgreSQL, Docker, and microservices architecture.

At [Smarbl](#), I developed Java applications, managed microservices, and conducted JUnit 5 testing. I also utilized Jenkins for continuous integration and deployment. During my internship at [ProAzure Software Solutions](#), I gained practical experience in Java development and related technologies.

I am eager to contribute to your team and work on challenging projects. Please find my resume attached for your review. **I look forward to discussing how my skills align with your needs.**

Thank you for considering my application.

**Sincerely,**

**Swati Wanjari**
